

Undecylex™

Botanical/fatty acid blend to rebalance intestinal microbiota†

Introduction

Environmental and lifestyle factors can disrupt normal microbiota balance and affect gastrointestinal and immune system function. Natural approaches to support a healthy gastrointestinal microbiota balance often include supplemental probiotics, prebiotics, enzymes, botanicals, and/or fatty acids such as caprylic acid or undecylenic acid.† Undecylex combines selected berberine-containing botanicals with undecylenic acid, sorbic acid, and green tea extract to help support a healthy gastrointestinal microbiota balance.† These supplemental ingredients discourage growth of undesirable intestinal microorganisms, including yeast, fungi, and other undesirable microorganisms.†

Product features

Undecylex focuses on the benefits of selected botanicals, fatty acids, and organic acids that help restore or maintain a healthy microbiota balance in the gastrointestinal tract by discouraging growth of undesirable microorganisms.† Ingredients included are:

- **Undecylenic acid:** Disrupts fungal metabolism.† This monounsaturated fatty acid disrupts fungal metabolism by limiting production of hyphae.†
- **Sorbic acid:** Limits microbial growth.† Widely used since the 1940s to limit microbial growth in a variety of foods, sorbic acid is an organic acid that penetrates microbial cell membranes and inhibits metabolic activities.†
- **Berberine:** Exerts inhibitory actions† Berberine alkaloids belong to a class of naturally occurring alkaloids found in a number of plant species. These compounds have been shown to exert several metabolic and inhibitory actions.†
- **Green tea:** Decreases viability of undesirable bacteria and yeast.† A lesser known benefit of green tea polyphenols is the ability to disrupt microbial cell membranes, inhibit undesirable host cell binding, inactivate or reduce toxin secretion, and trigger host defense mechanisms.†
- **Free of the following common allergens:** milk/casein, eggs, fish, shellfish, tree nuts, peanuts, wheat, gluten, and soybeans. Contains no artificial colors, flavors, or preservatives.

Formula

SUGGESTED USE: 1 tablet, 1 to 6 times daily with food or as directed by a healthcare professional. **Caution:** If you are pregnant, nursing, have a medical condition, or taking prescription drugs, consult your healthcare professional before using this product. Keep out of the reach of children.

Supplement Facts	
Serving Size 1 Tablet	
Amount Per Tablet	
Calcium Undecylenate	100 mg*
Sorbic Acid	33 mg*
Berberine Sulfate (derived from Indian Barberry) (Berberis aristata) (root extract)	133 mg*
Indian Barberry Extract (Berberis aristata) (root) (standardized to 6% berberine)	57 mg*
Goldthread Extract (Coptis chinensis) (rhizome) (standardized to 20% alkaloids, as berberine)	17 mg*
Green Tea Extract (Camellia sinensis) (leaf) (standardized to 95% polyphenols, 50% epigallocatechin 3-gallate) (EGCG)	33 mg*

*Daily Value not established.

Other ingredients: Silicified microcrystalline cellulose, vegetable stearine, silicon dioxide, microcrystalline cellulose, stearic acid, hydroxypropyl cellulose, Opadry® coating, magnesium stearate, and croscarmellose sodium.

UND 120 tablets

How supplied

120 tablets per bottle.

Storage

Store in a cool, dry place (59F-85F) away from direct light.
